Haiti

Russ Rankin, Chairperson of the Minnesota State Mission Department, traveled to Haiti this month to teach the pastors affiliated with the Church of God General Conference. We hope to be able to share a report soon.

Pakistan Report

Ever since we started assisting with the work in Pakistan, it has been our desire to send one or two individuals to meet the pastors and members and to encourage the work there. However the State Department of the United States has a travel warning in place which discourages Americans from visiting Pakistan because of dangerous or unstable conditions. However over the past year we have been in contact with Werner Bartl of Austria who has a strong interest in the work in Pakistan. He shares our understanding of Scripture and has attended our Theological Conference several times. He has raised several thousand dollars to assist with the work there to supplement the funds that we send monthly. Werner has indicated his willingness to travel to Pakistan to meet the leaders and pastors and to assess the work. He knows the risks, but he feels it is important to go. He has traveled in risky situations before and he believes that his Austrian passport will enable him to get a visa and may help to minimize the risks. He has asked a colleague to travel with him. He feels that two sets of eyes and ears are better than one in assessing the work. We are thankful to Werner for his willingness to make this trip. LHI would like to assist him with his travel expenses when he goes later this year.
